Lady Hawkins' School & SIXTH FORM

Subject outline for Year 10 I	Resistant Materials		
Autumn 1 st	Construction techniques (wood) Formal drawing (CAD)		
Half term			
Autumn 2 nd	Properties of materials (plastics, Metals) Forming and deforming Plastics Moulds		
Christmas Holiday			
Spring 1 st	Finishing Fixings Construction techniques		
Half term			
Spring 2nd	Study of designers Veneering Laminating		
Easter Holiday			
Summer 1st	Drawing techniques Creative design techniques		
Half term			
Summer 2nd	Research controlled assessment context.		
C II I'I			
Summer Holiday			
Subject outline for Year 11			
	Resistant Materials Research. Practicing and exploring new techniques and materials.		
Subject outline for Year 11	Research. Practicing and exploring new		
Subject outline for Year 11	Research. Practicing and exploring new techniques and materials. Designing Modelling Practical Task (recording learning		
Subject outline for Year 11 Autumn 1st Half term Autumn 2nd	Research. Practicing and exploring new techniques and materials. Designing Modelling		
Subject outline for Year 11 Autumn 1st Half term	Research. Practicing and exploring new techniques and materials. Designing Modelling Practical Task (recording learning		
Subject outline for Year 11 Autumn 1 st Half term Autumn 2 nd Christmas Holiday	Research. Practicing and exploring new techniques and materials. Designing Modelling Practical Task (recording learning outcomes as appropriate) Practical Task (recording learning		
Subject outline for Year 11 Autumn 1 st Half term Autumn 2 nd Christmas Holiday Spring 1 st	Research. Practicing and exploring new techniques and materials. Designing Modelling Practical Task (recording learning outcomes as appropriate) Practical Task (recording learning		
Subject outline for Year 11 Autumn 1 st Half term Autumn 2 nd Christmas Holiday Spring 1 st Half term	Research. Practicing and exploring new techniques and materials. Designing Modelling Practical Task (recording learning outcomes as appropriate) Practical Task (recording learning outcomes as appropriate) Practical Task (recording learning outcomes as appropriate)		
Subject outline for Year 11 Autumn 1 st Half term Autumn 2 nd Christmas Holiday Spring 1 st Half term Spring 2nd	Research. Practicing and exploring new techniques and materials. Designing Modelling Practical Task (recording learning outcomes as appropriate) Practical Task (recording learning outcomes as appropriate) Practical Task (recording learning outcomes as appropriate)		

Half term

Summer 2nd
