

Lady Hawkins' School

Kington - Herefordshire

Headteacher: Mr Paul Jennings M.Phil BSc (Hons)

10th June 2019

Dear Parent/Carer,

A required component of the Science GCSE course involves field work investigating a variety of habitats. To allow students to access a wide range of different habitats an educational trip to the coast line of Borth and Ynyslas Nature Reserve is planned for the final week of this academic year for Year 9 students. The date of this excursion is Tuesday 16th July 2019.

To ensure that there is adequate time to complete the study we will leave LHS at 8.00am and return to school between 6 and 6:30pm. Students are not required to wear school uniform but should wear appropriate clothing and footwear and be prepared for wet weather or sunshine. Students are also required to bring food and drink for the entire day.

Please complete the slip below which must be returned to the Science Department by Monday 24th June 2019. If a slip is not received by this date the student will be required to stay in school as normal.

Yours faithfully,

K. Latimer
