

PERMISSION FOR USE OF PHOTOGRAPHS

Under data protection laws, we require your consent before using your child's photographs. We are therefore writing to you to explain the circumstances in which we may make use of your child's photograph so that you can make an informed decision about whether to give consent or not.

We may take photographs of your child during the course of the school day, during extra-curricular activities, trips and events and sporting events. The purpose of using your child's photograph is to promote the school and celebrate the successes of our students. We believe that it is important that we do this but appreciate that you may not always want us to do so. You therefore have a choice about whether photographs of your child can be used in any of the circumstances described below.

We would like to be able to use photographs of your child on school social media posts. The school uses Twitter and Facebook and they are only used for the purposes of celebrating educational achievement and success. We will never name your child on social media unless we have your specific consent for that post about an individual achievement.

We would like to use photographs in our school newsletter.

We would like to use photographs in promotional material (e.g. information provided at open evenings).

We would like to use photographs on our website. This is again for promotional purposes and to celebrate the success of our students.

We would like to use photographs which will be displayed within the school. This may be a photograph of your child being involved in an educational activity or sporting event.

We may want to share your child's photograph with the local newspaper to mark an event or achievement.

	Yes	No
I consent to my child's photograph being used on Facebook		
I consent to my child's photograph being used on Twitter		
I consent to my child's photograph being used in the school newsletter		
I consent to my child's photograph being used in school promotional material
