<b>Links (prior knowledge, future knowledge)</b>	<p><b>This units build on:</b> knowledge students have covered at KS2. Primary schools complete different curriculums, therefore, this provides a blanket of information for the students. Students will have the opportunity to share previous learnt knowledge about each key concept.</p> <p><b>This unit prepares students for:</b> the continued development of KS3 PSHE curriculum and students can develop their knowledge within the same topics. Students will take their knowledge into KS4 for year 10 and 11 when they begin to prepare for further education and life as an adult.</p>	<p><b>This units build on:</b> knowledge students have covered at KS2.
